

I am writing to let you know how important Klove radio 88.9fm is to me and my family. It is the only radio station we listen to. The station always uplifts my family and I and has family friendly programming 24-7. There are no local stations that provide this kind of programming. It is commercial free, something that is important to me. I cannot imagine why it would be replaced by a LPFM broadcaster when it is such a popular station. If we want local programming, all we have to do is change the dial. That is our choice. Please don't take that choice from us. And please don't take our Klove.
